**A11. Material Events Subsequent to the End of the Financial Period**

Sime Darby Plantation Berhad (“SDP”) through its wholly-owned subsidiary, Sime Darby Netherlands B.V. (“SD Netherlands”), holds 43.58% interest in Verdezyne Inc (“Verdezyne”), a company which owns proprietary industrial biotechnology platforms.

Verdezyne’s bio-based chemical manufacturing plant in Johor, targeted for completion by December 2018, was originally built to manufacture pure dodecanedioic acid “DDDA” (later Ferrosshield). However, with changing market demands and crude oil price outlook, the company shifted focus to Astaxantine, a high margin product, which is still in the proof of concept stage.

Given the uncertainties of Verdezyne’s new business plan, SDP appointed independent advisors to conduct a market viability study and to validate Verdezyne’s business plans in line with expected economic returns. This review forms part of SDP Group ongoing review exercise of non-core and poor performing assets, one of SDP Group’s value creation initiatives to maximise shareholders’ return.

The independent assessments on Verdezyne were completed in April 2018. Based on the findings of the independent advisors on the commercial viability and economic returns, which are subject to significant risk, the Board of Directors of SDP (“Board”) had decided to cease further investments in Verdezyne. Other investors also made the same decision and the winding up process of Verdezyne commenced.

Following the Board’s decision, SDP Group recognised a financial impact based on available financial and other current information of RM206 million to the Group’s profit and loss, consisting of an impairment of Verdezyne’s carrying amount in the consolidated financial statements of the Group of RM177 million and recognition of other potential liabilities including SDP’s share of the winding up costs of Verdezyne.

SDP Group do not expect any further material liabilities in respect of its investment in Verdezyne.

Group revenue for the quarter ended 31 March 2018 was lower by 16% compared to the corresponding quarter of the previous year. Recurring profit before interest and tax (PBIT) of RM362 million declined by 50%, mainly due to lower profits from the Upstream operations arising from lower production of fresh fruit bunches ("FFB"), lower average crude palm oil ("CPO") and palm kernel ("PK") prices realised as tabled below. Non-recurring items for the quarter ended consist of a gain on sale of land in Melaka of RM118 million, an impairment of a rubber development in Indonesia of RM68 million and a write-down of an investment of RM22 million. Lower finance costs at RM41 million partially mitigated the Group's results. Consequently, the net earnings for the quarter ended 31 March 2018 decreased by 39% to RM249 million.

An analysis of the results of each segment is as follows:

**B1. Review of Group Performance (continued)**

**(a) Current quarter ended against the previous year corresponding quarter (continued)**

An analysis of the results of each segment is as follows (continued):

i) Upstream Malaysia

Upstream Malaysia registered a profit of RM253 million in the quarter under review, which represents a decrease of 39%, due to the impact of lower average CPO and PK prices realised against the same quarter last year, partially mitigated by the improvement in FFB production and oil extraction rate ("OER"). The average PK realised price of RM2,145 per MT for the current quarter was 30% lower than the previous year corresponding quarter.

ii) Upstream Indonesia

Upstream Indonesia recorded a profit of RM11 million this quarter as compared to a profit of RM138 million in the same quarter last year. This was primarily due to lower FFB production as well as the lower average CPO and PK prices realised in the quarter under review, as compared to the corresponding quarter last year, partially mitigated by lower production costs. The lower FFB production was mainly attributable to aggressive replanting efforts, particularly in the Kalimantan region. In addition, productivity in Sumatra was impacted by floods which hindered harvesting activities in the area. The average PK price realised of RM1,861 per MT was 30% lower than last year.

iii) Upstream PNG/SI

Upstream PNG/SI reported a profit of RM38 million in the quarter under review against RM181 million in the previous year corresponding quarter mainly due to a decline in FFB production and average CPO price realised in the current quarter, but partially mitigated by lower production costs.

iv) Upstream Liberia

Upstream Liberia registered a loss of RM19 million in the quarter under review, lower than a loss of RM67 million the same quarter last year. This is primarily due to a provision for nursery stocks and higher immature costs charged to profit or loss in the previous year corresponding quarter.

v) Downstream

Downstream operations recorded a profit of RM65 million, 52% higher compared to RM43 million in the previous year corresponding quarter. This was mainly attributable to higher sales volume, and better margin of differentiated products contributed by the higher capacity utilisation of the specialty refineries.

vi) Other operations

Other operations reported a profit of RM13 million as compared to a profit of RM9 million the same quarter last year. The recognition of dividend income of RM21 million compensated the higher losses from associates and joint ventures.

Group revenue for the period ended 31 March 2018 was higher by 2% compared to the corresponding period of the previous year. Recurring PBIT of RM1.54 billion was lower by 5% due to lower profits from both the Upstream and Downstream operations. Non-recurring items for the period ended consist of gains on sale of land to Sime Darby Property Berhad ("SD Property") of RM676 million and to an external party in Melaka of RM118 million, a writeback of contribution to Yayasan Sime Darby of RM95 million, offset against an impairment of assets of a rubber development in Indonesia of RM68 million and a write-down of an investment in the United States of RM22 million. Finance costs were 61% lower, a result of lower Group's borrowings in the current period. Net earnings for the period ended 31 March 2018 increased by RM818 million to RM1.70 billion from RM879 million in the corresponding period of the preceding year.

i) Upstream Malaysia

Upstream Malaysia registered a higher profit of RM971 million which was 19% higher than the corresponding period of the previous year, mainly attributable to the higher FFB production and external crop purchase in the period under review, which compensated the effects from lower average CPO and PK realised prices. The average PK price realised of RM2,341 per MT was 17% lower than same period last year.

ii) Upstream Indonesia

For the period under review, Upstream Indonesia reported a profit of RM272 million, 40% lower than the corresponding period of the previous year of RM456 million. This is mainly attributable to lower FFB production due to adverse weather conditions and lower average CPO and PK prices realised, which was partially compensated by higher OER. The average PK price realised of RM2,047 per MT was 14% lower than same period last year.

iii) Upstream PNG/SI

Upstream PNG/SI recorded a profit of RM115 million as compared to profit of RM210 million in the preceding year corresponding period, due to lower FFB production and lower CPO price realised, which effects were partially mitigated by the lower costs of production.

iv) Upstream Liberia

Upstream Liberia operation reported a loss of RM62 million, RM32 million lower than the corresponding period of the previous year, due to a provision for nursery stocks and higher immature costs charged to profit or loss in the previous year.

v) Downstream

Downstream operations registered a profit of RM199 million during the period under review, 11% lower than the corresponding period of the previous year. This was mainly attributable to weaker profit contributions from the bulk business which was affected by slower demand as palm oil prices fell in the third quarter of the current financial year.

a) Upstream Malaysia

Upstream Malaysia registered a profit of RM253 million for the quarter under review, which is 39% lower than the preceding quarter, attributable by the lower FFB production and lower average CPO price realised, compensated by lower expenses in the current quarter.

b) Upstream Indonesia

Upstream Indonesia reported a profit of RM11 million, lower than the preceding quarter's profit of RM144 million, attributable to lower FFB production and lower average CPO price realised.

c) Upstream PNG/SI

For the quarter under review, Upstream PNG/SI reported marginally lower profit at RM38 million as compared to the preceding quarter. Impact from the lower average CPO price realised was mitigated by the higher FFB production.

d) Upstream Liberia

Liberia operation reported marginally lower loss of RM19 million as compared to the preceding quarter of RM20 million. Lower FFB production and lower average CPO price realised were mitigated by higher sales volume and lower production costs.

e) Downstream

Downstream operations recorded a profit of RM65 million, slightly higher than the preceding quarter. Impact from lower sales volumes was compensated by improved refining margins due to lower feedstock costs and continuous strong demand for low GE/3MCPD from multinational corporations.

f) Other operations

Other operations reported a profit of RM13 million as compared to a profit of RM32 million in the preceding quarter, mainly due to the lower dividend income received from an investment of RM22 million as compared to RM39 million dividend received in the preceding quarter.

**B3. Prospects**

Barring any extreme weather abnormalities, the Group expects the full year FFB production to improve from the previous financial year as the El Niño effect tapers off. Although this is expected to continue putting downward pressure on CPO prices, the upcoming festive season, and possible tariffs by China on soybean imports from the US, could lend support to palm oil demand.

Other factors such as the movement of crude oil prices, the implementation of biodiesel mandates particularly in Indonesia, the performance of the Ringgit against foreign currencies, tax regulations in major consuming countries and competition from other edible oils are also likely to influence the market price of CPO and other palm products.

Save for extreme implications arising from the challenges above, the Group expects its recurring operating performance for FY2018 to be satisfactory.

## **B10. Material Litigation**

Save as disclosed below, there were no pending material litigations against the Group which might materially and adversely affect the Group's financial position.

### **a) PT Sajang Heulang ("PT SHE") vs. PT Anzawara Satria ("PT AS")**

On 11 May 2006, PT SHE, a wholly-owned subsidiary of the Group, filed legal action against PT AS in the District Court of Kotabaru ("District Court"), claiming for the surrender of around 60 Ha of land forming part of the Right to Cultivate (Hak Guna Usaha) Certificate No. 35 dated 14 May 2002 ("HGU 35") belonging to PT SHE on which PT AS had allegedly carried out illegal coal mining activities. PT SHE's HGU 35 measures about 2,218 Ha. If it loses this claim, PT SHE could potentially lose HGU 35, the NBV of which is about IDR29.0 billion (equivalent to around RM9.1 million). In addition, we would also lose the potential income from HGU 35.

On 5 December 2006, the District Court ruled in favour of PT AS and declared that HGU 35 was defective and had no force of law and that PT AS had the right to conduct mining activities on the said land ("District Court Decision"). PT SHE appealed to the Banjarmasin High Court against the District Court Decision. On 4 December 2007, the Banjarmasin High Court upheld the District Court Decision ("1st High Court Decision"). On 12 February 2008, PT SHE appealed to the Supreme Court of Indonesia ("Supreme Court") against the 1st High Court Decision. On 10 March 2011, the Supreme Court ruled in favour of PT AS and ordered PT SHE to surrender 2,000 Ha of land in Desa Bunati forming part of HGU 35 to PT AS ("1st Judicial Review Decision").

Meanwhile, on 24 May 2006, PT AS claimed in the State Administration Court of Banjarmasin ("State Court") for an order that the mining rights held by PT AS superseded the HGU 35 held by PT SHE and that the said HGU 35 was improperly issued to PT SHE. On 26 September 2006, the State Court ruled in favour of PT SHE and dismissed PT AS's claim ("State Court Decision"). PT AS appealed to the Jakarta High Court of State Administration ("Jakarta High Court") against the State Court Decision. On 19 February 2007, the Jakarta High Court ruled in favour of PT AS and nullified PT SHE's HGU 35 ("2nd High Court Decision"). On 9 December 2009, PT SHE appealed to the Supreme Court against the 2nd High Court Decision. On 26 October 2010, the Supreme Court declared PT SHE as the lawful owner of HGU 35 ("2nd Judicial Review Decision").

On 7 November 2011, PT SHE filed judicial review proceedings ("3rd Judicial Review") before the Supreme Court seeking a decision on the conflicting decisions of the 1st Judicial Review Decision and 2nd Judicial Review Decision. On 28 December 2012, the Supreme Court dismissed the 3rd Judicial Review on the grounds that the application cannot be determined by another judicial review decision.

On 27 March 2013, PT AS commenced execution of the 1st Judicial Review Decision and in carrying out the execution proceedings, oil palm were cut down and buildings and infrastructure were destroyed, resulting in damages on around 1,500 Ha of land. On 23 April 2014, PT SHE filed a claim at the District Court of Batulicin against PT AS for the sum of IDR672.8 billion (equivalent to around RM209.9 million) for loss and/or damage caused by PT AS in executing the 1st Judicial Review Decision.

On 20 January 2015, the District Court of Batulicin decided in favour of PT SHE and awarded damages in the sum of IDR69.9 billion (equivalent to around RM21.8 million) to be paid by PT AS and on 13 February 2015 issued a written decision ("Batulicin District Court Decision"). On 29 January 2015, PT AS filed an appeal to the Banjarmasin High Court against the Batulicin District Court Decision.

**B10. Material Litigation (continued)**

**a) PT Sajang Heulang ("PT SHE") vs. PT Anzawara Satria ("PT AS") (continued)**

On 19 November 2015, the Banjarmasin High Court ruled in favour of PT AS based on the grounds that the 1st Judicial Review Decision had been deliberated and decided by the Banjarmasin High Court and Supreme Court. Thus, PT SHE is not entitled to bring the same action before the District Court of Batulicin ("3rd High Court Decision").

On 22 February 2016, PT SHE filed an appeal to the Supreme Court against the 3rd High Court Decision. On 28 March 2016, PT AS filed its reply to PT SHE's appeal. The Supreme Court has rejected PTSHE's appeal and following that, on 5 March 2018, PTSHE filed a judicial review against the decision of the Supreme Court. As at the report date, the decision of the judicial review is pending.

**b) New Britain Palm Oil Limited ("NBPOL") v. Masile Incorporated Land Group ("Masile"), NBPOL v. Rikau Incorporated Land Group ("Rikau") & NBPOL v. Meloks Incorporated Land Group ("Meloks")**

Prior to the Group's acquisition of NBPOL (which was completed on 2 March 2015), a wholly-owned subsidiary, NBPOL, had on 31 August 2011 initiated 3 separate legal actions against the Defendants in the National Court of Justice at Waigani, Papua New Guinea ("Court"). All 3 actions relate to the same cause of action whereby the Defendants had defaulted in their obligations to surrender their Special Agricultural Business Leases ("SABL") to NBPOL for registration of the sub-leases despite having received benefits from NBPOL under the sub-lease agreements ("SLAs"). Such benefits received by the Defendants include rental paid by NBPOL for 3,720 Ha of land under the SABL ("Land"), royalties for the FFB harvested from the Land, and 31,250 ordinary shares in NBPOL respectively issued to each of the Defendants.

The term of the sub-leases is 25 years commencing from 2005 and expiring in 2030. NBPOL could potentially lose access to and possession over these sub-leases if it loses these claims. The potential loss to the Group is the value of the Land, which is around PGK71.3 million (equivalent to around RM94.0 million) based on the NBV of buildings, infrastructures and bearer plants on the Land. In addition, we would also lose the potential income from the Land.

NBPOL sought orders for specific performance requiring the Defendants to deliver to NBPOL their SABL to enable the sub-leases to be registered in accordance with the Land Registration Act 1981 of PNG. In the alternative, NBPOL also claimed for compensation for costs incurred by NBPOL in developing the Land into an oil palm estate totalling around PGK30.7 million (equivalent to around RM40.5 million), compensation for the appreciation of the value of the Land due to the development done by NBPOL, and compensation for the 31,250 ordinary shares in NBPOL respectively issued to each of the Defendants pursuant to the SLAs.

The Defendants in turn cross-claimed, among others, that the SLAs were unfair and inequitable, and should be declared invalid, void and of no effect. The Defendants also claimed for damages for environmental damage and trespass to property by NBPOL. Our counsel is of the view that the Defendants' cross-claims are unlikely to succeed.

Trial relating to NBPOL's claims against Meloks was concluded on 2 November 2016. During the submissions stage, NBPOL advised the Court that it will not pursue the alternate reliefs of compensation claimed against Meloks. The Court reserved the decision to a date which has yet to be fixed. NBPOL's claims against Rikau and Masile are pending trial which the parties agreed to be decided after the decision on NBPOL's claims against Meloks is delivered by the Court. Our counsel is of the view that NBPOL's prospects of succeeding in its claims are good.

**B10. Material Litigation (continued)**

**c) PT Mulia Agro Persada (“PT MAP”) and PT Palma Sejahtera (“PT PS”) vs. PT Minamas Gemilang (“PT MGG”), PT Anugerah Sumbermakmur (“PT ASM”) and PT Indotruba Tengah (“PT ITH”)**

PT MGG and PT ASM, wholly-owned subsidiaries of the Group, and PT ITH, a subsidiary of the Group, are involved in a lawsuit brought by PT MAP and PT PS.

PT MGG and PT ASM are shareholders of PT ITH, each holding 25% equity interest.

PT MAP became the shareholder of PT ITH after purchasing 6,200 ordinary shares of PT ITH (representing 50% equity interest in PT ITH as of December 2008, which was funded by PT PS) from Yayasan Kartika Eka Paksi (“YKEP”). Once the former officer of YKEP for the term of 2004 to 2009 was dismissed, the newly elected officer of YKEP realised that the transfer of shares from YKEP to PT MAP is a violation of the prohibition for any direct or indirect transfer of assets of a foundation (Yayasan) to its affiliated parties. The former officer of YKEP who entered into the earlier sale was PT MAP’s shareholder and member of the Board of Directors and Board of Commissioners. In response, the newly elected officer of YKEP tried to repurchase such shares which had already been sold to PT MAP with the same price as when PT MAP purchased it from YKEP. However, PT MAP refused such offer. YKEP then filed a lawsuit to invalidate and nullify this transfer of shares. On 31 May 2016, the Supreme Court had issued a decision that invalidated and nullified the transfer of the ordinary shares of PT ITH from YKEP to PT MAP (“Judicial Review Decision”).

In that regard, YKEP then filed a petition to execute the Judicial Review Decision to the Central Jakarta District Court, demanding that (i) the 6,200 ordinary shares in PT ITH be returned to YKEP and (ii) PT MAP and the former officers of YKEP to pay compensation for damages to YKEP in the amount of IDR 200.0 billion (equivalent to around RM62.4 million). YKEP’s petition was granted under a Warning Letter (Surat Aanmaning) issued by the Central Jakarta District Court which obligates PT MAP and the former officers of YKEP to comply with the Judicial Review Decision.

In response, the former officers of YKEP (some of them were represented by their heirs) filed a Third Party Opposition (Gugatan Perlawanan) registered under case number 537/PDT.PLW/2017/PN.Jkt.Pst dated 18 October 2017, seeking nullification towards the Warning Letter (Surat Aanmaning) issued by the Central Jakarta District Court and the execution of the Judicial Review Decision, on the basis that (i) the 6,200 ordinary shares in PT ITH are currently owned by YKEP; (ii) YKEP has also received dividends as a shareholder of PT ITH; and (iii) there is conflicting decision on the matter of legality of transfer of the 6,200 shares in PT ITH between (i) the Judicial Review Decision No. 196 PK/Pdt/2016, which nullified such transfer of shares and (ii) the Decision of East Jakarta District Court No. 130/Pdt.G/2015/PN.Jkt.tim dated 7 July 2015 (“Decision of East Jakarta District Court”), which declared the transfer of 6,200 ordinary shares in PT ITH from YKEP to PT MAP as legally valid. However, neither YKEP, PT ITH, PT MGG nor PT ASM was included as parties under the Decision of East Jakarta District Court. On 12 April 2018, the Central Jakarta District Court rejected the Third Party Opposition (Gugatan Perlawanan) by the former officers of YKEP. The former officers have since filed an appeal against the decision of the Central Jakarta District Court and as the report date, the appeal is on-going.

**B10. Material Litigation (continued)**

**c) PT Mulia Agro Persada (“PT MAP”) and PT Palma Sejahtera (“PT PS”) vs. PT Minamas Gemilang (“PT MGG”), PT Anugerah Sumbermakmur (“PT ASM”) and PT Indotruba Tengah (“PT ITH”) (continued)**

Despite the existence of the Judicial Review Decision, PT MAP and PT PS still filed a lawsuit seeking compensation from all defendants, individually or jointly and severally, namely (i) PT ITH as Defendant I; (ii) PT MGG as Defendant II; (iii) PT ASM as Defendant III; (iv) Razman Bin Abdul Rahman as Defendant IV; (v) Ir. Achmad Ansori, S.H as Defendant V; (vi) Minwar Hidayat as Defendant VI; (vii) Ismail Bin Ali as Defendant VII; (viii) Ir. Safwani as Defendant VIII; (ix) Hersuhasto as Defendant IX; (x) Ir. Kurniawanto Setiadi as Defendant X; and (xi) YKEP as Defendant XI.

The compensation sought by PT MAP and PT PS comprise: (i) material damages (direct loss) in the amount of IDR247.0 billion (equivalent to around RM77.1 million) with an interest of 3% per month of the amount of IDR137.2 billion (equivalent to around RM42.8 million) until the payment is made to PT MAP and PT PS; (ii) fine (dwangsom) in the amount of IDR250 billion (equivalent to around RM78.0 million); and (iii) immaterial damages (indirect loss) in the amount of IDR500 billion (equivalent to around RM156.0 million). The potential exposure of PT MGG, PT ASM and PT ITH could be up to IDR997.0 billion (equivalent to around RM311.1 million), being the total sum of the above material damages (excluding the 3% interest), fine and immaterial damages claimed by PT MAP and PT PS from all the 11 defendants, individually or jointly and severally. The term “individually or jointly and severally” means that one or more defendants can be pursued to pay all amounts demanded. In other words, PT MAP and PT PS may recover all the damages from any of the defendants regardless of their individual share of the liability.

To that extent, South Jakarta District Court and Jakarta High Court, which previously adjudicated and examined this case, had rejected PT MAP and PT PS’s lawsuit by referring to the Judicial Review Decision. In response, PT MAP and PT PS filed an appeal to the Supreme Court but the Supreme Court rejected PT MAP and PT PS’ appeal. As at the reporting date, neither PT MAP nor PT PS have filed a judicial review against the decision of the Supreme Court.

**d) Chantico Ship Management Ltd (“Chantico”) vs. Sime Darby Unimills B. V. (“SD Unimills”)**

SD Unimills, a wholly-owned subsidiary of the Group, is involved in litigation in respect of a vessel known as the mv Geraki (formerly known as mv Cap Thanos). This vessel was carrying vegetable oils for 9 different cargo owners (7 European cargo owners and 2 Algerian cargo owners). One of the 9 cargo owners is SD Unimills. The percentage of SD Unimills’ cargo on board was about 14.4%. The voyage of this vessel was interrupted in Greece in June 2010, when the vessel owners declared themselves unable to continue the voyage to Bejaia, Barcelona, Lisbon and Rotterdam due to financial reasons, and the vessel was anchored in Psachna, Greece. The vessel was auctioned and in April 2011 sold to Chantico Shipmanagement Ltd. All cargoes were eventually discharged in May/April 2013. Beginning in 2012 Chantico started various proceedings against cargo owners.

**B10. Material Litigation (continued)**

**d) Chantico Ship Management Ltd (“Chantico”) vs. Sime Darby Unimills B. V. (“SD Unimills”)  
(continued)**

The following 2 lawsuits are still pending:

- i) Proceedings before the Court of Piraeus, started in October 2014 (“Lawsuit 1”), which replaced the previous proceedings that commenced in 2012.

The writ was served on only 2 European and 2 Algerian cargo owners so far and has yet to be served on SD Unimills and the 4 other cargo owners. The claims by Chantico are based on alleged actions in tort (i.e. alleged delay of discharge of cargo) and the total amount claimed from all 9 cargo owners (one of which is SD Unimills), jointly and severally, is EUR11.3 million (equivalent to around RM55.7 million). In addition, Chantico claimed a storage fee from each cargo owner based on Chantico’s alleged management of cargo owner’s assets, and the total amount claimed from SD Unimills is EUR8.4 million (equivalent to around RM41.4 million). Upon request of the parties, the Court adjourned the hearing of 7 March 2017 with no appointed date for resumption. To revive the proceedings, Chantico has to serve the writ on all cargo owners. The potential exposure of SD Unimills under Lawsuit 1 could be up to around EUR19.7 million (equivalent to around RM97.0 million), being the total of Chantico’s claims under Lawsuit 1. The hearing in respect of the 4 European cargo owners that have been served with a writ is scheduled on 12 June 2018 before the Court of Piraeus.

- ii) Proceedings before the Court of Piraeus, started in December 2015 (“Lawsuit 2”) and filed against the same 9 cargo owners, including SD Unimills, and a third party.

The writ has been served on SD Unimills and the other cargo owners. The claim in these proceedings is based on alleged damage to the vessel and loss of profit caused by alleged actions in tort during transshipment and heating of the cargo. The claim against the 9 cargo owners and the third party, jointly and severally, amounts to EUR9.3 million (equivalent to around RM45.8 million) and an additional claim was filed against all cargo owners, jointly and severally, of EUR380,000.00 (equivalent to around RM1.9 million) for port and anchorage dues. Similarly, in these proceedings, the Court adjourned the hearing of 7 March 2017 to 16 January 2018 and at the request of Chantico again to 12 June 2018. The potential exposure of SD Unimills under Lawsuit 2 could be up to around EUR9.7 million (equivalent to around RM47.8 million), being the total of Chantico’s claims under Lawsuit 2. Also in this case, any full payment by SD Unimills of any adjudged part of the joint and several EUR9.7 million claim, would give SD Unimills the right to claim in recourse from the other Defendants their contribution.

Settlement negotiations in respect of Lawsuit 1 and Lawsuit 2 thus far have not led to fruitful results.

The cargo underwriters for the 7 European cargo owners, including SD Unimills, had in January 2014 raised doubts on the coverage under the cargo insurance certificates for the claims under Lawsuit 1 and Lawsuit 2, but are still prepared to contribute to a settlement in Lawsuit 1 with a total sum of EUR583,000 (equivalent to around RM2.9 million) for the 7 European cargo owners, of which SD Unimills’ share is 27.25% or EUR158,867.50 (equivalent to around RM782,500). Our Greek counsel estimates the exposure of SD Unimills at EUR389,060.00 (equivalent to around RM1.9 million) for Lawsuit 1 and EUR18,087.00 (equivalent to around RM89,100.00) for Lawsuit 2, all amounts being exclusive of interest.
