SECTION A - DISCLOSURE ON MALAYSIAN CODE ON CORPORATE GOVERNANCE

Disclosures in this section are pursuant to Paragraph 15.25 of Bursa Malaysia Listing Requirements.

Intended Outcome

Every company is headed by a board, which assumes responsibility for the company's leadership and is collectively responsible for meeting the objectives and goals of the company.

Practice 1.1

The board should set the company's strategic aims, ensure that the necessary resources are in place for the company to meet its objectives and review management performance. The board should set the company's values and standards and ensure that its obligations to its shareholders and other stakeholders are understood and met.

Application	: Applied
Explanation on application of the practice	: The Board promotes and protects the interests of the Sime Darby Plantation Berhad (SD Plantation or the Company) Group (the Group), i.e. the shareholders and stakeholders of the Group. The Board shoulders the ultimate responsibility of determining the direction of the Group, thereby ensuring its long-term success and delivery of sustainable value to stakeholders. The Board provides leadership and advice in fine-tuning corporateP strategies, championing good governance and ethical practices, and ensures the effective execution of these strategies.
	Principal Responsibilities of the Board
	The Board is principally responsible for:
	a) Promoting together with Senior Management, good corporate governance culture within the Group which reinforces ethical, prudent, and professional behaviour.
	b) Reviewing and adopting a strategic plan for the Group
	 Review, challenge and approve Management's proposal on a strategic plan for the Group by bringing objectivity and breadth of judgment to the strategic planning process; Ensure that the strategic plan for the Group supports long- term value creation and includes strategies on economic, environmental, social, and governance (ESG), as well as safety & health considerations underpinning sustainability; and Monitor the implementation of the strategic plan by Management.

 c) Overseeing the conduct of the Group's business Oversee the conduct of the Group's business, including the formulation of strategy and performance objectives, control and accountability systems, corporate governance framework, risk management practices and human capital management; Approve and monitor the progress of major capital expenditure, fund-raising, acquisitions and divestitures; Supervise and assess the performance of Management to determine whether the business is being properly managed and ensure that appropriate measures are in place against which Management's performance can be assessed; Review, challenge, and decide on Management's proposals for the Group and monitor their implementation by Management; and Monitor compliance with established policies and procedures.
 d) Identifying principal risks and ensuring the implementation of appropriate internal controls and mitigation measures Understand the principal risks of the Group business and recognise that business decisions involve the taking of appropriate risks; Fulfil statutory and fiduciary responsibilities by monitoring the operational, financial and risk management processes of the Group and ensuring that internal control procedures are in place; Set the risk appetite within which the Board expects Management to operate and ensure that there is a sound risk management framework to identify, analyse, evaluate, manage, and monitor significant financial and non-financial risks; and Comply with environment, safety, and health legislation by understanding the operations being carried out by employees and the hazards and risks associated with such operations.
 Ensure Senior Management has the necessary skills and experience; and Ensure measures are in place to provide for orderly succession planning, including appointing, training, fixing the compensation of and, where appropriate, replacing Senior Management.

· · · · · · · · · · · · · · · · · · ·	
	 f) Overseeing the development and implementation of a stakeholder communications policy for the Group
	• Ensure that the Group has in place a policy to enable effective communication with its stakeholders. This policy should include how feedback received from its stakeholders is considered by the Group when making business and other decisions.
	g) Reviewing the adequacy and integrity of the management information and internal control systems of the Group
	 Ensure that there is a sound framework for reporting on internal controls and regulatory compliance; Review the efficiency and quality of the Group's financial reporting process and systems of accounting and internal controls; and Ensure the integrity of the Group's financial and non-financial reporting.
	The Board Charter, which details the roles and responsibilities of the Board, is available in the Corporate Governance section on SD Plantation's website at <u>www.simedarbyplantation.com</u> .
	Leadership by the Board
	The Board is cognisant of its critical role in governing and setting the strategic direction of the Group, while upholding a high standard of corporate governance in providing valuable oversight and guidance to Management to navigate difficult and complex issues that affect the achievement of the Group's medium to long term targets. The Board ensures that decisions taken are in the best interest of the Group and its stakeholders.
	The Board is composed of persons with the necessary calibre and experience to drive the Group through transformation into the next phase of growth, which is to innovate, execute, and create value.
	Through good governance practices, the Board promotes and protects the interests of the Group and its stakeholders. For the Board, governance is not just about adherence to a set of recommendations, but rather a way of doing business. Thus, the Board is committed to putting governance at the heart of everything it does and in line with this commitment, the Group has adopted a governance framework based on the following principles:
	• To promote greater transparency, accountability and responsiveness;

	 To balance the operating autonomy of the various Group Companies with appropriate checks and balances and performance benchmarks; and To cultivate ethical business conduct and instil desired behaviours based on the Group's espoused Core Values and Business Principles as set out in the Code of Business Conduct (COBC).
	The Board also ensures that there is effective, transparent, and regular communication with the Group's stakeholders. This includes continuous engagements with stakeholders such as investors, policymakers, peers, and non-governmental organisations, which allows the Group to align its strategy with their expectations whilst keeping itself ahead of the curve.
	For further information on the key activities of the Board and Board Committees for the financial year ended 2023, please refer to the Integrated Report 2023, which is also available on SD Plantation's website, in the Investor Relations section, at <u>www.simedarbyplantation.com</u> .

The positions of Chairman and CEO are held by different individuals.

Application :	Applied
Explanation : on application of the practice	The Board supports the principle of different individuals for the roles of Chairman and Chief Executive Officer (CEO). This principle is beneficial to the effective functioning of the Board and facilitates a powerful check and balance mechanism.
	<u>The Chairman</u>
	Tan Sri Dr Nik Norzrul Thani Nik Hassan Thani was appointed to the Board on 16 June 2022 and subsequently redesignated as the Company's Chairman on 30 June 2023. The Chairman leads the Board in setting the Company's key policies and direction, ensures effective operation of the Board and is the spokesperson for the Board. He principally ensures that the Board fulfils its obligations under the Board Charter and as required under the relevant legislation.
	Group Managing Director
	Datuk Mohamad Helmy Othman Basha was appointed as the GMD on 1 July 2019 to lead the Group in its overall operations. He ensures effective implementation of the Board's policies, drives the strategic vision and performance targets, exercises high-level business judgement, and manages the relationship with stakeholders and the interface with the public. (<u>Note</u> : The GMD has similar duties of a CEO. The GMD is a member of the Board.)

practice	At SD Plantation, the function of the Group Secretary is not combined with any other position. This is to ensure that the Group Secretary's role, which requires impartiality when providing advice on governance issues, is not compromised.
	Azrin Nashiha Abdul Aziz is the Group Secretary of the Company, a position she has held since 1 February 2020.
	Azrin holds a degree in Law from the University of Newcastle-Upon-Tyne, United Kingdom and a Certificate in Legal Practice from the Legal Profession Qualifying Board, Malaysia. She also holds a Postgraduate Diploma in Strategic Management from the University of Technology Malaysia. She is qualified to act as company secretary under Section 235(2) of the Companies Act (CA) 2016 and is also registered with the Companies Commission of Malaysia under Section 241 of the CA 2016. She is licensed by the Registrar of Companies and an affiliate of the Malaysian Institute of Chartered Secretaries and Administrators.
	The Group Secretary, as key resource support, ensures that the Board operates effectively, and that high standards of governance practices are upheld.
	 The role of the Group Secretary includes: Advising the Board on its roles and responsibilities; Facilitating the orientation of new Directors and assisting in Directors' training and development; Advising the Directors on corporate disclosures and compliance with company and securities regulations as well as listing requirements including: disclosure of interests in securities; disclosure of any conflict of interest in a transaction involving the Group; prohibition of dealing in securities; and

Practice 1.6

Directors receive meeting materials, which are complete and accurate within a reasonable period prior to the meeting. Upon conclusion of the meeting, the minutes are circulated in a timely manner.

Application :	Applied
Explanation : on	Meeting materials
application of the practice	The Board and Board Committees' meeting schedules, together with their agendas are made available before the first quarter of each financial year to allow for adequate preparation before the meetings. The schedules map out the flow of key items of business to ensure that sufficient time is set aside for discussion.
	The Board Charter and the TOR of the Board Committees stipulate that relevant documents and information shall be distributed at least five (5) working days prior to each meeting.
	Apart from sensitive/confidential papers, Board materials are disseminated electronically using a Board Meeting Management Solution (Solution), which provides Directors with secure access to meeting papers globally. The Solution is a paperless Board meeting initiative that has made conference calls with Directors who are travelling more effective. In general, the Solution has improved the efficiency with which meeting materials are disseminated.
	Meeting agendas are sequenced by taking into consideration the complexity of the proposals and whether they are items for approval or noting by the Board. Board papers deemed urgent may be included to the agenda for tabling at Board and Board Committee meetings, subject to the approval of both the Chairman and the GMD. Effective Board meeting agendas set the tone for the meetings and encourage a more engaged and focussed discussion. These are done in order for Board meetings to be more effective and to enable in-depth deliberation of matters. Issues raised, deliberations and decisions including dissenting views made at Board meetings are recorded in the minutes.
	Senior Management may be required to make presentations on proposal papers and brief/update the Board on operational issues to further facilitate the Board's decision-making process.
	All the Directors have direct access to the advice and services of the Group Secretary, whether as the full Board or in their individual capacity, in the furtherance of their duties.

	Minutes circulation
	The minutes of the meeting record the deliberations and decisions of the Board. The minutes include compiled Board instructions as Matters Arising for discussion at each Board meeting to ensure proper follow-through.
	The minutes are distributed to Board members and approved by the Chairman of the meeting at which the proceedings are held or by the Chairman of the next succeeding meeting.
	Every Board member is responsible for ensuring that the minutes of meetings accurately reflect the deliberations and decisions of the Board, including whether any Director abstained from voting or deliberating on a particular matter.
	The Group Secretary is responsible for ensuring that the proceedings of meetings are recorded, and the minutes circulated in a timely manner in accordance with the Board Charter or Terms of Reference of the Board Committees.

There is clarity in the authority of the board, its committees, and individual directors.

Practice 2.1

The board has a board charter which is periodically reviewed and published on the company's website. The board charter clearly identifies–

- the respective roles and responsibilities of the board, board committees, individual directors, and management; and
- issues and decisions reserved for the board.

Application	:	Applied
Application Explanation on application of the practice	:	 Applied The Board Charter sets out the Board's strategic intent and outlines the roles and powers that the Board specifically reserves for itself, and those which it delegates to Management and, in so doing, also sets the tone of the various Board Committees. Specific matters reserved for the Board include: Group strategy, plans and budgets; Acquisitions, disposals and transactions exceeding the authority limits of the GMD; Changes to Senior Management; and Changes in the key policies, procedures, and delegated authority limits of the Group. Paragraph 17 of the Board Charter specifies that the Charter and the TOR of each Committee established by the Board shall be periodically reviewed and updated by the Board taking into consideration the needs of the Group as well as any development in rules and regulations that may have an impact on the discharge of the Board's duties and responsibilities. On 21 February 2024, the Board Charter was revised to incorporate the administrative amendment on the frequency of the review of the required mix of skills, experience, and other requisite qualities of Directors to be consistent with the TOR of the NRC. The Board Charter is available in the Corporate Governance section on SD Plantation's website at www.simedarbyplantation.com. Reports on each of the Board Committees are featured in the Company's Integrated Report 2023, which is available on SD Plantation's website, in the Annual Reports and Presentations section, at www.simedarbyplantation.com.

The board is committed to promoting good business conduct and maintaining a healthy corporate culture that engenders integrity, transparency, and fairness.

The board, management, employees, and other stakeholders are clear on what is considered acceptable behaviour and practice in the company.

Practice 3.1

The board establishes a Code of Conduct and Ethics for the company, and together with management implements its policies and procedures, which include managing conflicts of interest, preventing the abuse of power, corruption, insider trading and money laundering.

The Code of Conduct and Ethics is published on the company's website.

Application :	Applied
on application of the practice	The Board formalises and maintains a set of ethical standards of behaviour expected of all Directors, employees and, where applicable, counterparties and business partners to address potential issues in managing conflicts of interest and preventing the abuse of power, corruption, insider trading, and money laundering. These are integrated into Group-wide management practices which include:
	1. Code of Business Conduct The standards of behaviour are derived from the Group's Core Values of (i) Integrity (ii) Respect & Responsibility (iii) Enterprise and (iv) Excellence as well as Business Principles comprising (i) Fair business practices (ii) Working with local communities (iii) Health, safety, and environment and (iv) Compliance. The COBC applies to all Directors and employees of the Group. This includes employees on secondment to joint ventures, affiliates, or associates. Counterparties are also expected to comply with the COBC while business partners are encouraged to adopt similar principles and standards of behaviour. The COBC applies to all businesses and countries in which the Group operates.

	All Directors and employees are expected to make business decisions in the best interests of the Group by avoiding conflicts of interest and situations that have the potential to generate conflicts of interest. Actual or potential conflict must be disclosed via the Conflict of Interest (COI) Declaration Form as soon as the situation arises, in accordance with procedures set out in the Group COI Guidelines. The form is available online on SD Plantation's website, in the Corporate Governance section, at <u>www.simedarbyplantation.com</u> .
	The COBC is accessible on SD Plantation's website, intranet, and Nadi, which is the Human Resources Management System. It's understanding among employees is enforced via a combination of physical and video briefings as well as collaterals, quizzes, surveys, and infographics. All Directors and employees are required to sign an attestation to acknowledge compliance with the COBC and their understanding of the rules, principles and policies outlined in the COBC.
2	2. Vendor Code of Business Conduct The Vendor Code of Business Conduct (VCOBC) emphasises the Group's commitment to work closely with its vendors (such as service providers, suppliers, contractors, and consultants) to ensure that SD Plantation's values and principles are carried through in every aspect of its business operations by outlining the standards of behaviour required from the vendors when conducting work for the Group. A VCOBC awareness programme is conducted for key vendors to ensure their understanding and compliance with the values and principles advocated in the VCOBC.
	 This VCOBC applies to: All vendors of the Group when conducting work for the Group. All vendor's subsidiaries, affiliates, and all other parties that they have appointed to conduct work for the Group.
	For further details, refer to the VCOBC and Vendor COI Declaration Form which is available in the Procurement section on SD Plantation's website, at <u>www.simedarbyplantation.com</u> .
3	3. <u>Vendor Integrity Pledge</u> Vendors intending to conduct business transaction(s) with the Group are required to sign off the Vendor Integrity Pledge (VIP), as a formal affirmation of the vendor's commitment to comply with the VCOBC and all applicable laws or regulations, as well as to avoid engaging in any practice that can be construed as bribery, corruption, or fraud. It is a requirement for vendors to sign the VIP upon registration to enable them to be selected as prospective vendors and subsequently be included in SD Plantation's Approved Vendor List (once pre- cuplification requirements and procedures have taken place).

qualification requirements and procedures have taken place).

For further details, refer to the VIP which is available in the Procurement section on SD Plantation's website, at <u>www.simedarbyplantation.com</u>.

4. Anti-Corruption

As an organisation that understands the importance of combatting corruption, SD Plantation had obtained the ISO 37001: 2016 Anti-Bribery Management System certification in October 2020 and its principles are encapsulated within the Group's Anti-Corruption Compliance Framework (Framework). In September 2023, SD Plantation was re-certified with no non-conformance reported. The Framework takes cognisance of the Group's global operating footprint, in consideration of, among others, the nature of activities, business norms, organisation structure, regulatory requirements, as well as the needs and expectations of its stakeholders.

The Framework promotes the implementation and enforcement of effective systems to counter corruption by providing the principles and guidelines to address corruption risks in a coordinated and consistent manner and defining roles, responsibilities, and accountabilities of key parties within the Group.

Among others, this Framework entails the development of relevant policies and procedures on corruption management, corruption risk assessment as well as relevant training and awareness programmes for Directors and employees. The Group also adopted a "No Gift Policy" where employees are prohibited from offering, soliciting, or accepting any form of gifts or using any form of corporate hospitality to influence business decisions.

Where applicable, the requirements of this Framework are extended to counterparties and business partners in ensuring that anticorruption and bribery initiatives are applied throughout the supply chain in promoting a corruption-free business environment. The Group's "Commitment in Combatting Corruption" is made publicly available via the Anti-Corruption Policy Statement on SD Plantation's website.

The Framework complements the Group's conformance to the Corporate Integrity System Malaysia (CISM) framework on the establishment of suitable corruption prevention policies as recommended by the Malaysian Anti-Corruption Commission for the private sector.

5. Policies and procedures

Policy instruments refer to policies, procedures and guidelines which serve as a backbone for achieving best practices and streamlining internal processes. Key among these is the Group Policies & Authorities (GPAs) which define the lines of responsibility, accountability, and authority limits and represent a formal delegation

	of the Board's powers and functions to Management. The GPAs are designed to empower Management to achieve business objectives within the boundaries of business ethics and governance. Thereafter, policies, procedures and guidelines are developed to support the achievement of the principles stipulated in the GPAs, all of which, are mandatory to be complied with by Directors and employees of the Group.	
	All policy instruments are reviewed and revised, as appropriate, on a periodic basis to ensure that they are relevant to the current operating environment and reflect intended practices. To increase the understanding and awareness among employees of their obligations within the Group's governance framework, these policy instruments are accessible via the Group intranet and socialised via online briefings and infographics.

Practice 3.2

The board establishes, reviews and together with management implements policies and procedures on whistleblowing.

Application :	Applied
Explanation : on application of the practice	The whistleblowing process embodies the Group's commitment to maintaining an open and supportive working environment in which stakeholders can report instances of wrongdoings on a confidential basis without fear of retaliation. The Group takes a serious view of any wrongdoing on the part of any of its employees, Management, Directors, and vendors, with respect to their obligations to the Group's interests and all reports made in good faith are investigated, regardless of the length of service, position/title, relationship or connection of the alleged parties to the Group.
	In this regard, the Board establishes, reviews, and with Management, implements appropriate policies and procedures on whistleblowing at the Group level. The oversight of the whistleblowing function is under the purview of the GAC Chairman, who ensures that all reported violations are properly investigated. The GAC Chairman is also responsible for reviewing the effectiveness of the actions taken in response to all concerns raised. In discharging his duties, the GAC Chairman is assisted by the Whistleblowing Unit (WBU) which is housed under the independent Group Integrity, Governance & Assurance Department (GIGA).
	 Parties can report a whistleblowing complaint if they are aware of any wrongdoings, including, but not limited to the following: Violation or risk of violation of any laws and regulations including but not limited to laws of Malaysia, the Netherlands, the United Kingdom (UK), Papua New Guinea and Solomon Islands (PNG & SI), Indonesia, Thailand, Singapore, South Africa, and all other countries where the Group operates and/or has business dealings; Acts or omissions which are deemed to be against the reputation, goodwill or interest of the Company and where public interest is at stake e.g. a risk or impending risk to public health, human safety and environmental damage; Human rights abuses; Harassment and violence, both physical and verbal;Fraud, including but not limited to the following: Act of corruption such as conflicts of interest, bribery, kickbacks; Misappropriation of assets; Financial statement fraud;

Application :	Applied		
Explanation on : application of the practice	The performance of the Board in addressing the Company's material sustainability was evaluated through the Board & Directors' Effectiveness Evaluation. The Board is responsible for monitoring the development of the ESG strategy, as well as associated goals and metrics, including the identification and integration of non-financial key performance indicators. ESG related areas are also included as Key Performance Indicators (KPIs) in the Group's Corporate Scorecard. These KPIs cover the most material ESG issues to the Group and are approved by the Board. These KPIs are then cascaded down through the appropriate PLC members. The progress of the Group's sustainability performance is monitored and reviewed by the SC, and key issues are highlighted to the Board. The progress of the Group's sustainability performance is disclosed publicly, and made available to shareholders, in the Group's Integrated Report and in the Sustainability Reports

Practice 5.1

The Nomination Committee should ensure that the composition of the board is refreshed periodically. The tenure of each director should be reviewed by the Nomination Committee and annual re-election of a director should be contingent on satisfactory evaluation of the director's performance and contribution to the board.

Application :	Applied
Explanation on : application of the practice	A Board Composition Policy, adopted in February 2018, sets out the approach of the Board on the composition of the Board of Directors of the Company. This Policy addresses the requirements of the Main Market Listing Requirements of Bursa Malaysia Securities Berhad (MMLR) and the Malaysian Code on Corporate Governance (MCCG) 2021.
	In Financial Year 2023, the Board underwent a refresh, where Tan Sri Dr Nik Norzrul Thani Nik Hassan Thani has been redesignated as Chairman following the retirement of Tan Sri Dato' Seri Haji Megat Najmuddin Datuk Seri Dr Haji Megat Khas on 15 June 2023. On 22 August 2023, Mohd Irwan Ahmad Mustafa assumed the role of a Non-Independent Non-Executive Director (NED), with Ahmad Faiz Ahmad Shahrudin appointed as his Alternate Director on the same date. Mohd Irwan is a nominee Director of Permodalan Nasional Berhad. Subsequently, Jenifer Thien Bit Leong was appointed as an Independent NED on 22 December 2023. On 5 February 2024, Sharifah Sheila Syed Muhammad was appointed as a Non- Independent NED representing the Employees Provident Fund in place of Datuk Seri Amir Hamzah Azizan who resigned on 12 December 2023.
	To remain relevant, the effectiveness of the Board, its Committees and each individual Director will be reviewed annually and disclosed in the annual report as prescribed under the MMLR and the MCCG 2021. The Board would engage professional, experienced, and independent party(ies) every three (3) years to facilitate objective and candid board evaluation.
	The Board via the NRC, had established a set of criteria for the assessment of all Directors, including Independent Directors. In establishing these criteria, attention will be given to the values, principles and skills required for the Group as well as the Directors' Fit and Proper Policy. These criteria will serve as a source of reference for prospective and incumbent Directors for the Board's annual assessment and shall be reviewed regularly to maintain their relevance.

	The Board & Directors' Effectiveness Evaluation (BDEE) is conducted annually. The BDEE 2021 and 2022 had been undertaken through an internal questionnaire-based evaluation of the Board, Board Committees and individual Directors. Following the recommendation of the MCCG 2021 to engage an independent expert periodically to facilitate objective and candid Board evaluations, the BDEE 2023 was conducted by an external party, Deloitte Business Advisory Sdn Bhd (Deloitte). The NRC has at its meeting held on 15 February 2024, conducted the fit and proper assessment of the Directors who are due to retire at the forthcoming Annual General Meeting (AGM). Following the NRC's assessment and upon being satisfied that the Directors have met the overarching fit and proper criteria, the Board of Directors, at its meeting on 21 February 2024, endorsed the recommendation of the NRC for the following Directors to be considered for re-election pursuant to Rule 81.2 and 103 of the Company's Constitution at the forthcoming 2024 AGM of SD Plantation, scheduled to be held on 28 May 2024, as follows: <u>Rule 81.2 of the Constitution</u> Mohd Irwan Ahmad Mustafa Jenifer Thien Bit Leong Sharifah Sheila Syed Muhamad <u>Rule 103 of the Constitution</u> Dato' Halipah Esa Datuk Mohd Anwar Yahya

Practice 5.5

Appointment of board and senior management are based on objective criteria, merit and with due regard for diversity in skills, experience, age, cultural background, and gender.

Directors appointed should be able to devote the required time to serve the board effectively. The board should consider the existing board positions held by a director, including on boards of non-listed companies. Any appointment that may cast doubt on the integrity and governance of the company should be avoided.

n on application of the practice	The Board aims to have an appropriate level of diversity in the Boardroom to reflect the diverse nature of the Company's operations and to support the achievement of the Company's strategic objectives. Diversity in terms of skills, background, knowledge, international and industry experience, culture, independence, age and gender, among many other factors, will be taken into consideration when seeking to appoint a new Director to the Board so as to bring relevant perspectives to Board discussions.		
The Directors' Fit and Proper Policy ensures that any peraposities appointed to the Board or elected/re-elected as a Director necessary character and integrity as well as experience, or time and commitment in discharging his/her responsibilities.			
	The Company has an experienced Board with extensive capabilities and diversified backgrounds. The Board members have held prominent positions and directorships in areas such as plantation, banking, and finance sectors, as well as in governmental, legal and professional bodies. Thus, the Board has the strength to drive the Company through transformation into the next phase of growth, which is to innovate, execute, and create value. The Board's ability to adapt to various cultures, operating environments and sustainability requirements is crucial in ensuring the Company's success.		
	 The NRC assesses the Board composition by: a) Establishing policies formalising the Group's approach to Boardroom diversity (including diversity in gender, nationality, age, culture, skills, experience, and independence), as well as competence, time and commitment. b) Annually evaluating, reviewing, and recommending to the Board, through the BDEE, on the appropriate size of the Board, required mix of skills, experience and other qualities, including time and commitment as well as core competencies which NEDs shall bring 		

	 to the Board to ensure that these are in line with the Group's requirements. c) Considering and recommending any policy regarding the period of service of NEDs, tenure of Independent Directors and the term of office of Board Committee members, including Chairmen of Board Committees. The above is in line with Paragraph 3.3 of the Board Charter, which states that "Members of the Board should possess the relevant knowledge, skills, competencies, functional and management experience, characteristics, and mind-set to contribute effectively to the Board. The Board shall also regularly review its membership to ensure the Board remains relevant and should formalise its succession planning practices."

Application	:	Applied
Explanation on application of the	:	The Board, through the GAC, has put in place a policy on the selection and appointment of external auditors, via GPA No. B7 on "External Auditor Appointment & Selection".
practice		The GPA No. B7 provides guidelines for the GAC to assess the suitability, objectivity and independence of the external auditors and was developed in alignment with the MCCG 2021 and should be read together with the Companies Act 2016, the By-laws (on professional ethics, conduct and practice) of the Malaysia Institute of Accountants (MIA) and the MMLR.
		 The following criteria are used for the assessment: a) The competence, audit service quality and resource capacity of the external auditors in relation to the audit; b) Information presented in the Annual Transparency Report of the audit firm; c) The nature and extent of the non-audit services rendered and appropriateness of the level of fees; and d) Obtaining written assurance from the external auditors confirming that they are, and have been, independent throughout the conduct of the audit engagement in accordance with the terms of all relevant professional and regulatory requirements. The above assessment was conducted in March 2024 (annual basis), based on best practices promulgated by the regulators. The results of the assessment, which was performed by the GAC members and selected management personnel (who had close interaction with the external auditors during the year under review), were tabled to the GAC at its meeting on 18 April 2024 for deliberation and recommendation to the Board for a change of external auditors, the GAC will follow the following procedures for the selection and appointment of new external auditors:

	 a) The GAC to identify the audit firms who meet the criteria for appointment and request for their proposals of engagement for consideration; b) The GAC will assess the proposals received and shortlist the suitable audit firms (based on the pre-set criteria); c) The GAC will meet and/or interview the shortlisted candidates; d) The GAC will recommend the appropriate audit firm to the Board for appointment as external auditors; and The Board will consider and if agreed, endorse the recommendation by the GAC and seek the shareholders' approval for the appointment of the new external auditors and/or resignation/removal of the existing external auditors at the general meeting.

Companies make informed decisions about the level of risk they want to take and implement necessary controls to pursue their objectives.

The board is provided with reasonable assurance that adverse impact arising from a foreseeable future event or situation on the company's objectives is mitigated and managed.

Practice 10.1

The board should establish an effective risk management and internal control framework.

Application :	Applied
Explanation [:] on application of the practice	The Board is responsible for identifying principal risks and ensuring the implementation of appropriate internal controls and mitigation measures. To achieve this, the Board sets the Group's risk appetite and expects Management to operate and ensure that there is a sound risk management framework to identify, analyse, evaluate, manage, and monitor significant financial and non-financial risks.
	The Board is also responsible for reviewing the adequacy and integrity of the Group's management information and internal control systems by ensuring that there is a sound framework for reporting on internal controls and regulatory compliance, among other things.
	<u>Risk Management Framework</u>
	Risk management is part of the organisation's structure, processes, objectives, strategies, and activities. The SD Plantation Group Risk Management Framework (GRMF) is aligned with ISO31000:2018 standard on risk management and COSO (Committee of the Sponsoring Organisations of the Treadway Commission) 2017 Enterprise Risk Management— Integrating with Strategy and Performance, which clearly underscores the Group's commitment towards enterprise risk management in strategic planning and the will to embed risk management throughout the organisation as part of value creation and protection. This is demonstrated in the linking of key enterprise risks to SD Plantation's strategic pillars.
	The primary goal of the GRMF is to identify, evaluate and manage risks that would impede the achievement of the Group's long-term and short- term strategies and objectives. The approach to risk management is aimed at embedding risk awareness in all decision-making and a commitment to managing risk proactively and effectively. This includes identifying and evaluating threats and opportunities early, managing and preventing threats before they materialise and responding effectively if they do and actively pursuing opportunities to capture value within agreed risk tolerances. The process for identifying, evaluating, and managing material business risks is designed to manage rather than

eliminate threats where appropriate, accepting a degree of risk to generate returns.

The GRMF involves the identification of risk and mitigating measures in both strategy-setting and driving performance. This integrated approach is two pronged, i.e. a top-down strategic view, which is complemented by bottom-up operational risk assessments, whilst taking cognisance of the external environment in which the Group operates. These risk assessments are complemented by strategic country risk analyses and fortnightly risk outlooks as well as risk assessments for key projects and investments undertaken by the Group to proactively anticipate and mitigate risk events while facilitating the understanding and management of risk at various levels of the business.

The role of leaders and their responsibilities are emphasised in the GRMF to ensure that risk management is an essential part of business. The responsibility for identifying, evaluating, and managing risks lies with all employees and business leaders and they operate within the Group-wide framework to manage risks within approved limits and guided by approved risk appetite statements. In pursuit of strategic objectives, it is imperative that there is a balance between risk and growth to ensure that the pursuit of opportunities and their associated risks are likely to have a level of reward that commensurate to the risk. A risk appetite framework is established to provide guidance on how to conduct business to achieve business objectives within the boundaries of the Group's risk appetite, business ethics and good governance. The risk appetite statements cover the areas of growth, debt/ funding from operations, reputation, and brand image, robust risk, and control environment, as well as the environment safety and health.

The Group's Business Continuity Framework is aligned with ISO22301:2019 standard on business continuity management systems. It covers end to end guidance to assist with managing a crisis event with the main objectives as follows:

- to safeguard life, property and environment;
- to minimise the loss of assets, revenue and impact on customers;
- to continue to provide products and services during adverse conditions; and
- to facilitate timely recovery of critical business functions.

The Group is committed to safeguard the interests of all stakeholders in times of disaster and/or emergency. This entails the implementation of business continuity processes to ensure that the Group is able to continue operations with minimal impact on stakeholders in the event of disruption.

On a quarterly basis, formal risk reports are developed and presented to the PLC and RMC. Any potential risks identified are escalated as appropriate, with mitigation actions put in place to manage such risks. Significant risks affecting the business as well as periodic external and emerging risk outlooks are presented to the Risk Management Committee. Additionally, due to the evolving nature of risk events in the external environment in which the Group operates, a fortnightly key risks perspective newsletter on external and emerging risks is circulated to the Board and Management.

Internal Control Framework

The following key control elements, comprising controls of financial, operational, environmental and compliance in nature are established to assist the Board in maintaining a sound system of internal controls in the Group:

- Policy Instruments The Board Charter, TOR of respective Board Committees, GPAs and other policies, procedures and guidelines serve as a backbone in achieving best practices and streamlining internal processes.
- **Code of Business Conduct** Guides Directors and employees on the standards of behaviour expected of them and upholding the Core Values of Integrity, Respect & Responsibility, Enterprising and Excellence.
- **Business Planning and Reporting** Entails the review of the Group's strategy and the presentation of its findings, outcomes and new proposals to the Management and Board on a periodic basis and the review of Group Strategy Blueprint every 5 years comprising our direction, business objectives, strategies, action plans, and corresponding Group Budget.

• Human Capital

- <u>Performance Management</u> the Group's Performance Management Framework aims at driving employees' motivation by identifying and rewarding top performers and improving the objectivity of the evaluation. The resulting KPIs are aligned across businesses, functions and levels, striving towards shared common goals of driving business objectives, while strongly upholding core governance principles.
- <u>People Development</u> One of the key contributors to SD Plantation's success is our people. Our Human Capital Framework, which includes quality execution as one of its pillars allows us to harness the strengths and talents of our human resources. As part of quality execution, the objectives include developing employees who are accountable and capable of driving the business of today and creating value for tomorrow and driving and enabling innovation and knowledge-sharing to face future business challenges.

Compliance
 Compliance Internal Audit - Provides independent, objective and risk-based assurance and consulting services designed to add value and improve the operations in the Group by assessing whether risk management, control and governance processes are designed and operate sustainably and effectively. Control Self-Assessment - Accords line-Management with full responsibility and accountability for effective risk management and controls implementation within their operations. Fraud & Corruption Risk Management - Detects and responds to fraud and corruption incidents/risks by way of conducting special and investigative reviews at the request of the GAC, Management and/or complaints formally received through the whistleblowing and grievance channels or based on red flags identified through other form of reviews. Anti-Corruption – SD Plantation had obtained the ISO 37001:2016 Anti-Bribery Management System certification in October 2020 and was successfully recertified in September 2023 with the absence of non-conformance reports. The key principles of the system are encapsulated within the Anti-Corruption Compliance Framework. Conflict of Interest - The Group Conflict of Interest Guidelines addresses conflicts involving Directors and employees, ensuring business decisions are made in the best interests of the Group and comply with relevant laws, Whistleblowing - Embodies the Group's commitment to maintain an open and supportive working environment in which stakeholders are able to report instances of wrongdoings on a
• Vendor Management - The Group's commitment extends beyond the organisation through close working relationships with Vendors to ensure that its values and principles are followed.
• Communication and Reporting - Policies and procedures on stakeholder engagement ensure that the Group proactively engages and effectively manages the dissemination of information to key stakeholders of the Group.
 Technology Information Systems - The Enterprise Resource Planning (ERP) system enables transactions to be captured, compiled, analysed, and reported in a timely and accurate manner. Digital Transformation - The Group is committed to digitalisation and automation to enhance efficiency and productivity and transform into a future-ready company. This includes progress in robotics and automation, optimisation of refinery operations, improvement in customer experience, cultivating a digital culture, and strengthening of enterprise systems. Employees are prepared

for a digital future through the establishment of Digital Academy, to keep pace with the evolving technology landscape and operating environment. • Cybersecurity - The Group maintains its cybersecurity hygiene by managing cybersecurity risks to safeguard data privacy and cyber threat prevention. • Sustainability - The Group's Sustainabile Development Goals, seek to contribute to a better community, minimise environmental harm and deliver sustainable development. • Responsible Agriculture - The Responsible Agriculture Charter articulates the Group's commitments to no deforestation, no new development on peat, and no exploitation (NDEP) standards. • Human Rights - The Human Rights Charter articulates the Group's responsibility to respect, support and uphold fundamental human rights as expressed, amongst others, in the Universal Declaration for Human Rights and the United Nations Guiding Principles on Business and Human Rights. • Supply Chain Sustainability - The Group's Working with Our Suppliers to Draw the Line on Deforestation policy statement articulates the approach to engage with suppliers to meet NDPE standards. • Further details of the Group's risk management and internal control framework and practices are disclosed in the Statement on Risk Management and Internal Control featured in the Integrated Report 2023 and available on SD Plantation's website under the Annual Reports and Presentations section at www.simedarbyplantation.com. Companies make informed decisions about the level of risk they want to take and implement necessary controls to pursue their objectives.

The board is provided with reasonable assurance that adverse impact arising from a foreseeable future event or situation on the Company's objectives is mitigated and managed.

Practice 10.3 - Step Up

The board establishes a Risk Management Committee, which comprises a majority of independent directors, to oversee the Company's risk management framework and policies.

Application	:	Adopted
Explanation on adoption of the practice	:	 The Board has established an RMC which comprises 50% Independent Directors. The main functions and duties of the RMC, among others, include the following: a) Provide oversight, direction and counsel to the Group's risk management process; b) Establish and periodically review the Group risk management guidelines and policies and ensure implementation of the objectives outlined in the policies and compliance with them; c) Recommend for the Board's approval the Group's risk management framework, policies, strategies, key risk indicators and risk tolerance levels, and any proposed changes thereto; d) Evaluate the effectiveness of the Group's risk management structure, risk management processes and support system to identify, assess, monitor and manage the Group's key risks; e) Review all major investment and project business cases in accordance with established thresholds in the approved Group Limits of Authority; and f) Review the statement on risk management and internal control in the Group's Integrated Report to ensure that relevant information as prescribed in the MMLR is disclosed, including a discussion on how key risk areas such as finance, operations, regulatory compliance, reputation, cyber security and sustainability were evaluated and the controls in place for the Group to mitigate and manage those risks. Further details on the functions and duties of the RMC are defined in its TOR, which is accessible under the Corporate Governance section on SD Plantation's website at <u>www.simedarbyplantation.com</u>.

Companies have an effective governance, risk management and internal control framework and stakeholders are able to assess the effectiveness of such a framework.

Practice 11.1

The Audit Committee should ensure that the internal audit function is effective and able to function independently.

Application	:	Applied
Explanation on application of the practice	:	
		 The following activities are performed by the GAC in relation to internal audit: a) Oversee the internal controls framework to ensure operational effectiveness and adequate protection of the Group's assets from misappropriation; b) Approve the GCA Charter, setting forth the purpose, responsibilities and necessary authority to carry out the work; c) Review, challenge and approve the GCA audit plan and budget, risk assessment and audit methodology, and ensure robustness in the audit planning process; d) Review the adequacy of the internal audit scope, audit programmes, functions, competency, experience and resources, and ensure the function is able to undertake their activities independently and objectively, and that they have the necessary authority to carry out their work; and e) Review the internal audit reports, discuss major findings and Management's response, and ensure appropriate action is taken on the recommendations. In ensuring the effectiveness of its activities, the following methodologies are deployed by GCA:
		Risk Assessment GCA employs a risk-based approach in determining the audit priorities. This methodology enables GCA to rank auditable areas to optimise and prioritise the allocation of limited resources, which considers: - 1) The size of operations; 2) Business performance; 3) External factors (changes to laws and regulations, political, foreign exchange); 4) Control environment (complexity of operations, staff / organisational changes, organisational structure, etc.); 5) Results of previous reviews; and 6) Assessment of fraud risk.

as sy la al al ev dy	he audit risk assessment process also embedded a data driven risk assessment methodology, which leverages source data residing in the SAP rystem to provide a more agile response to the changes in the risk indscape. In deriving the risk outcomes, strategic or enterprise risks are so being assessed to ensure all aspects of risk are duly considered. GCA so engages in quarterly catch-up sessions with GRM to discuss key risk rents affecting the Group and the responses. The audit plan remains a rnamic document and responds to the changes in the risk profile of the roup.
Δ	udit Plan and Coverage
a fa at re im m m cc wi in pr th re ac ar	CA's audit plan and coverage are selected and prioritised by employing structured risk-based methodology, which considers the various risk ctors, i.e. strategic, financial, operational and compliance risks. Reviews minimum comprise compliance & control as well as business advisory eviews which include an assessment of the current design and anglementation of the systems of internal controls at the Group in itigating those risks. GCA would also review operations and anagement projects to ascertain the extent to which results are possistent with established goals and objectives, and to determine hether operations and the projects are implemented or performed as tended. This includes ascertaining the extent to which operating, and rogramme goals and objectives have been established and conformed to ose of the organisation. GCA would then make appropriate commendations for improving the governance process in the complishment of all objectives of the auditable unit. A root-cause halysis is performed to ascertain that audit recommendations address ie key concerns and that recurring findings are minimised.
U) ot	communicating Audit Results pon concluding a review, an exit meeting is conducted to present the oservations to the auditee to obtain their commitment to resolving the sues and mitigating the identified risk via practicable action plans.
ar cc op ra	ach issue is categorised as either critical, major, moderate, or minor and n overall audit opinion rating would conclude on the state of internal ontrol for the scope being reviewed. GCA refers to a structured audit binion risk matrix to guide the assessment outcome and determine the ting to be accorded. Engagement results are thereafter communicated a follows:
a) b) c)	respective Regional Chief Executive Officer, Chief Operating Officer, and Head of the Business Segment. The immediate Business Unit Heads, Chief Financial Officer and relevant Senior Management personnel are also copied in the report circulation. For report rated 2 and below, the report will be issued to the GMD; On a monthly basis, key audit issues, action plans for the month and the status of implementation of the agreed action plans are presented to the PLC; and On a quarterly basis, reports are presented to the relevant GACs (SD Plantation and key subsidiaries) to highlight the key audit
	observations, action plans for the quarter and status of the implementation of the agreed action plans.

	Ionitoring Progress
	ollow up on outstanding issues is done on a quarterly basis on all action
	lans corresponding to the audit recommendations. GCA validates the
	vidence prior to accepting closure of the action plans. With the
	mplementation of the audit automation software 'Teammate+', the follow
	p function has been automated with the auditees being notified to update
t	heir status and progress of the agreed internal controls.
In	maintaining the independence and objectivity of the GCA function:
a)	The CIAO functionally reports to the GAC and administratively to
,	the GMD.
Ы	
(0	GCA have unrestricted access to all functions, records,
	documents, properties, personnel, policies, and procedures at al
	levels throughout the Group.
c)	GCA ensures that its internal auditors are free from any
	relationship or conflict of interest when performing their duties.
	GCA staff:
	- Do not participate in any activity, engagement or relationship
	that may impair or be presumed to impair their unbiased
	assessment. This participation includes those activities or
	relationships that may be in conflict with the interests of the
	Group;
	- Do not accept anything that may impair or be presumed to
	impair their professional judgment; and
	- Disclose all material facts known to them which, if not
	disclosed, may distort the reporting of activities under review.
d)	Any GCA report, audit plans and other publications are not
	subject to the clearance of any management and staff external to
	GCA. The performance review of GCA and its members is also not
	•
	subject to assessment by any management and staff within the
	Group external to the department, whether directly or indirectly.
e)	The GAC is responsible for the annual assessment of GCA's
	performance, as well as approve the GCA Plan (including its
	manpower and financial budget) annually with periodic reviews
	to ensure clarity in business alignment, risk assessment and audit
	methodology and ensure robustness in the audit planning
	process.
f)	The GAC also approves the appointment or termination of the
	CIAO and is notified of the resignation of the CIAO's direct
	reports.
	•
g)	The CIAO reports the results of the audit activities to the GAC
	periodically (on a quarterly basis) for noting and takes directly to
	the Chairman of the GAC, matters which she believes to be of
	sufficient magnitude and importance that require the immediate
	attention of the GAC.
h)	Potential breaches of the COBC, fraudulent activities, significant
	internal control deficiencies, and the actions taken on the
	recommendations of GCA are reported to the GAC as soon as

	these are identified. The GAC has the authority to make and request for independent assessments, reviews, and audits when it deems appropriate, and could engage external auditors and/or experts to assist it in the process. A Quality Assurance & Improvement Programme (QAIP) is implemented to assess the quality of the internal audit process adopted. It is an ongoing and periodic assessment that covers key activities within GCA's activities. The programme focusses on the efficiency and effectiveness of audit processes and appropriate recommendations and opportunities for improvement identified through an external assessment. An internal assessment is carried out in the form of half-yearly internal team validations and peer reviews, while an external quality assessment review conducted by a qualified independent assessor is undertaken once every five (5) years.
	Based on the last external quality assessment review that was conducted in FY2021, it was concluded that GCA Generally Conforms to the Internal Standards for Professional Practice of Internal Auditing promulgated by the Institute of Internal Auditors (IIA) and its maturity assessed to be at the 'Integrated' or Level 4 level based on the 5-scale rating (Level 1 of 'Weak' to Level 5 of 'Advanced'). In accordance with the GAC's TOR, the GAC had on 19 February 2024, conducted an annual assessment of the performance of the GCA function and the CIAO by reviewing the financial year ended 31 December 2023 scorecard results. The GAC was satisfied with the competency, experience, and resources of the GCA function in performing its activities independently and objectively. In April 2024, the GAC had also performed an assessment of GCA's purpose, authority, and responsibility, as defined in the GCA to accomplish its objectives.
Explanation : for	Further details on the functions and duties of the GAC relating to governance, risk management and internal control are clearly defined in its TOR, which is accessible in the Corporate Governance section on SD Plantation's website at <u>www.simedarbyplantation.com</u> .

Practice 11.2

The board should disclose-

- whether internal audit personnel are free from any relationships or conflicts of interest, which could impair their objectivity and independence;
- the number of resources in the internal audit department;
- name and qualification of the person responsible for internal audit; and
- whether the internal audit function is carried out in accordance with a recognised framework.

Application	:	Applied
Explanation on application of the practice	:	Details of activities performed by the GCA function, being the Group's internal audit arm are provided in the GAC Report, which is featured in the Integrated Report 2023 and available in the Annual Report and Presentations section on SD Plantation's website at <u>www.simedarbyplantation.com</u> .
		a) <u>Objectivity and Independence of GCA Staff</u> GCA staff have no direct operational responsibility or authority over any of the activities audited. Accordingly, they do not implement internal controls, develop procedures, install systems, prepare records, or engage in any other activity that may impair their judgement.
		GCA staff exhibit the highest level of professional objectivity in gathering, evaluating, and communicating information about the activity or process being examined. They make a balanced assessment of all the relevant circumstances and not be unduly influenced by their own interests or others in forming judgements.
		All GCA staff had in September 2023, confirmed via the annual declaration that they are free from any relationships or conflicts of interest, which could impair their independence in carrying out their duties for the Group. They also abide by the Code of Ethics of the IIA in upholding the principles of Integrity, Objectivity, Confidentiality and Competency in the conduct of their work.
		 b) <u>GCA Resources</u> As of 18 March 2024, GCA has a staff strength of 58 individuals from various backgrounds and skills. 100% of GCA staff have minimum tertiary qualifications and/or professional certifications including Certified Internal Auditor, Certification in Control Self- Assessment, Certified Information System Auditor, the Association of Chartered Certified Accountants and Certified Practising Accountant (Australia).

	The allocation of resources depends on the nature of the audits to be matched against the audit resources in terms of competency - knowledge and experience.
	c) <u>Chief Integrity & Assurance Officer</u> The CIAO leads GIGA which comprises GCA and Group Integrity & Governance (GIG). GIGA is an independent function, reporting functionally to the GAC and administratively to the GMD.
	Suhailah Mohamed Abdulla was appointed as the CIAO effective 1 March 2021. Suhailah is a Certified Fraud Examiner, a Certified Integrity Officer, a Certified Internal Auditor by the Global Institute of Internal Auditors and holds a Certification in Control Self- Assessment conferred by the same Institute. She is a member of the Malaysian Institute of Certified Public Accountants, MIA and a Chartered Member of the Institute of Internal Auditors. Suhailah has more than 25 years of experience in audit, governance, risk, and compliance within a wide array of industries.
	The profile of the CIAO is available online on SD Plantation's website, in the Our Leaders section, at <u>www.simedarbyplantation.com.</u>
	d) <u>Recognised Framework</u> GCA subscribes to the International Professional Practices Framework (IPPF), which is a recognised international standard issued by the Global IIA Incorporated. GCA is also a Corporate Member of IIA Malaysia.
	GCA activities are also guided by the internally established GCA Charter, that outlines the purpose, authority, and responsibility of GCA and an Audit Manual. The Charter and Audit Manual are communicated to GCA staff for implementation across all GCA regions. With the implementation of 'TeamMate+' as the audit management software across all regions, the standardisation, compliance to the auditing standards and quality of work performed across all regions are further enhanced.

Explanation : on application of the practice		The Company's Constitution allows the Company to convene a meeting of Members at more than one venue using any technology or method that enables the Members of the Company to participate and to exercise the Members' right to speak and vote at the meeting. The main venue of the meeting shall be in Malaysia and the Chairman shall be present at the main venue.
		The Company's AGM conducted on 15 June 2023 was held virtually through live streaming and online remote voting from the Broadcast Venue at the Grand Ballroom, Level 2, DoubleTree by Hilton Shah Alam i-City, i-City Finance Avenue, 40000 Shah Alam, Selangor Darul Ehsan. The Company had taken all efforts to ensure that the live streaming was smooth.
		Voting at the AGM 2023 was conducted by poll in accordance with Paragraph 8.29A of the MMLR by way of electronic voting (e-voting) via the Remote Participation and Voting (RPV) facilities provided by the share registrar.
		The online remote voting via the RPV commenced from the start of the AGM until the voting session was closed. Questions to the Board were submitted in advance through the Tricor Investor & Issuing House Services Sdn Bhd (Tricor)'s Online System (TIIH Online) and were also posed to the Board through the real time submission of typed texts during the proceeding of the AGM.
		SD Plantation had sought confirmation from Tricor on their cyber hygiene practices to ensure data privacy and security to prevent cyber threats. Tricor had confirmed that it has implemented an Information Technology and Information Security policy, endpoint controls and data classification for cyber hygiene practices of the staff. Tricor is also ISO27001 certified in October 2021. In addition, TIIH Online is hosted on a secure cloud platform and the data centre is ISO27001 certified.
		The AGM 2024 will have a similar arrangement as the AGM 2023.

Practice 13.4

The Chairman of the board should ensure that general meetings support meaningful engagement between the board, senior management, and shareholders. The engagement should be interactive and include robust discussion on among others the Company's financial and non-financial performance as well as the Company's long-term strategies. Shareholders should also be provided with sufficient opportunity to pose questions during the general meeting and all the questions should receive a meaningful response.

Note: The explanation of adoption of this practice should include a discussion on measures undertaken to ensure the general meeting is interactive, shareholders are provided with sufficient opportunity to pose questions and the questions are responded to.

application of the practice		 SD Plantation provides a platform for shareholders' engagement during the general meeting via Question-and-Answer session. The questions, both advanced and real-time questions, and the Company's responses are included in the Minutes of AGM. The GMD presents an overview of the Company covering the Company's financial highlights, outlook, and challenges, as well as strategy and initiatives during AGM. For the AGM held on 15 June 2023, the Company received advance questions from Minority Shareholders Watch Group (MSWG) and shareholders as well as real-time questions in relation to the Company's operations and performance from shareholders present during the virtual AGM. The questions from MSWG, advance questions by the shareholders and the Company's responses were addressed and displayed on the screen during the AGM.
		The Board Charter states that all Directors and the Chairs of Board Committees must attend General Meetings to allow shareholders to raise questions and receive meaningful responses to questions raised by them. All Board members, including the Chairmen of the Board and Board Committees (GAC, Nomination & Remuneration Committee, Risk Management Committee, SC and BTC) and Senior Management were present at the AGM 2023 to respond to questions by shareholders.

Practice 13.5

The board must ensure that the conduct of a virtual general meeting (fully virtual or hybrid) support meaningful engagement between the board, senior management, and shareholders. This includes having in place the required infrastructure and tools to support among others, a smooth broadcast of the general meeting and interactive participation by shareholders. Questions posed by shareholders should be made visible to all meeting participants during the meeting itself.

Note: The explanation of adoption of this practice should include a discussion on measures undertaken to ensure the general meeting is interactive, shareholders are provided with sufficient opportunity to pose questions and the questions are responded to. Further, a listed issuer should also provide brief reasons on the choice of the meeting platform.
